PROFESSIONAL SUMMARY

Daniel Fitzpatrick is an executive advisor, business consultant, web developer, and analyst with more than 18 years of progressive leadership experience across global private-sector and military environments. As the founder of Point of Ascension Consulting, LLC, he has guided the professional growth and performance of over 38,000 individuals worldwide through executive advising, business optimization, and leadership development. His portfolio spans executive advisory services, web development, workforce planning, and large-scale event management across more than five countries.

LEADERSHIP/ORGANIZATIONAL IMPACT

Daniel's career demonstrates exceptional leadership in human capital strategy, workforce planning, and organizational transformation. He has directed strategic human resources and manpower functions, overseeing global executive workforce operations. Across both private and military sectors, he has designed and executed initiatives that enhance organizational performance, optimize talent systems, and build resilient, future-ready workforces.
